

Pursue Your Passion!

We would like to welcome you to our fourth Annual Christian Retreat, taking place from Thursday 1st to Sunday 4th October 2009.

This is a great opportunity to mix a holiday on the sunny tourist island of Cyprus with fun, fellowship, learning and spiritual inspiration.

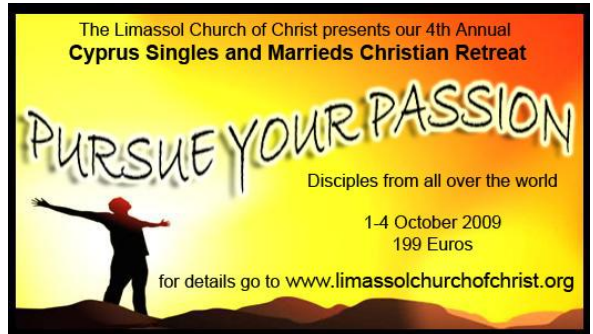

The theme this year will be that of "Pursuing Your Passion", a truly inspirational topic indeed to truly uplift and focus your soul!

During the four days there will also be trips to early Christian sites.

Indeed the first ever church planting was to Cyprus (see Acts 13!). Barnabas was a Cypriot, and he ensured Paul came to Cyprus first. The first ever high-profile conversion also took place in Cyprus, the Roman Proconsul, Sergius Paulus.

The beauty of our trips is that they will be guided by a disciple, who will give the biblical viewpoint on all these sites, and take your mind back to the true history of what really happened. They will also include opportunities for worship and devotion. No secular tour guides here! These are truly unique and uplifting experiences that you simply will not find in your normal holiday brochures!

Couple this with fantastic fellowship with like-minded disciples, inspirational lessons and presentations in our newly upgraded church-office multimedia suite, wonderful evenings of Cyprus cuisine and entertainment (*last year we were able to take people to watch Joe Longthorne sing at the ancient Greek theatre of Curium overlooking the sea for a truly unforgettable evening*), and also guaranteed blue skies and warm weather, and then this becomes an opportunity simply not to be missed!

Why pay for a standard package holiday to have seven days sitting by the same hotel pool with strangers, when instead your very soul can be revived and uplifted!

Join us this year for the credit-crunch busting price of 199 Euros.

Please email mail@limassolchurchofchrist.org for further details and to make bookings.

Places this year are limited.

Note: The price above does not include the price of flights to Cyprus or the cost of accommodation. We can arrange accommodation for you. However in practice we have found most people have been able to arrange a far better flight/hotel deal than we can ever manage, and indeed actually prefer to do so, due to the large and competitive package holiday industry here. The price does include all lunch and evening meals, transportation, trip costs, admission fees, entertainment, guiding and facility costs. Indeed, the only cash you will need during this period will be for your own personal souvenirs!
